

About Phoenix People

The Country club will give a kindergarten party at the club house Friday evening. The committee on arrangements hopes to make this one of the events of the season.

Mrs. T. K. Elvey and Mrs. Arthur G. Hulett entertained with a musicale Thursday afternoon and evening in honor of Miss Lauretta Cook, at Mrs. Hulett's home on west Jefferson street. The parlor and dining room which opened together were festooned with white and pink crepe paper with porters of same. Pink carnations were profusely used in the decorations. In the punch room the table was beneath a canopy of pink and white. Mrs. W. C. Barnes and Miss Ellis assisted in receiving in the afternoon: Mrs. William Lentz and Mrs. Irving Andrews in the evening. Miss McCoy and Miss Connell serving the punch in the afternoon, while Miss Christy and Miss Parker served in the evening. Little Miss Alline Gantz and Miss Eleanor Hulett opened the door for the guests. The following programmes were rendered:

A NEW YORK VISITOR
Thinks Phoenix Is a Good Thing and He'll Help Push It Along.

Mr. J. O. Prescott, excursion manager for the Erie railroad system, is one of the good friends this valley has secured as the result of his visits here last winter and the present season. He came here seeking relief for asthma, which he is greatly troubled in the east during the cold weather and having found the relief he sought he is not backward in acknowledging it.

His arrival here a few days ago was noted by The Republican and since then he has been very busy seeing things and enjoying the climate. He has a lot of things to say of both the country and the people. He says if Phoenix was on a transcontinental line the houses and hotels would not hold the tourists that would visit this city every winter and his business is such that makes him a most competent judge. He says he is coming back next winter and proposes to guard against being lonesome, by running an excursion here from New York and bringing out a party of his friends to enjoy Arizona's climate with him. In the summer he is a very busy man.

Mrs. S. M. Harris has been quite ill at her home on east Van Buren street but is now very much improved.

The Rathbone sisters will give a Valentine ball February 12. The committee on arrangements is Mrs. Nina Burger, Mrs. Ida Moore, Mr. M. L. Davenport, and the reception committee is Mr. and Mrs. Aiken, Mr. and Mrs. Schott, Mrs. Rosenberg, Mrs. Kane, Mrs. DeMund, Mrs. Thelheimer, Mrs. Mussey, Miss Boyer and Mr. Kinney. This is the first social event given by this lodge and it will undoubtedly be a pleasant affair.

Miss Francis Baker has been quite ill the past week.

Mr. and Mrs. J. W. Benham of New York arrived this morning and will visit in this city the coming week, en route to Los Angeles.

Mrs. J. C. Norton and Mrs. E. M. Dewey entertained yesterday afternoon in honor of Miss Sargeant, at the home of Mrs. Norton on north Second avenue. During the afternoon Miss Sargeant and Miss Jewell each rendered several solos. Mrs. Hulett giving several instrumental solos. Delightful refreshments were served. The invited guests were: Mrs. Young, Mrs. A. G. Hulett, Mrs. P. P. Parker, Mrs. L. L. Plank, Mrs. Sherman, Mrs. J. Elliott Walker, Mrs. M. Kendrick, Mrs. L. A. McAfee, Mrs. Christy, Mrs. Pemberton, Mrs. L. T. Stoddard, Mrs. C. H. Davidson, Mrs. Corbin, Mrs. James Creighton, Mrs. P. A. Tharalson, Mrs. G. B. Norton, Miss Jewell, Mrs. C. W. Norton and Miss Norton.

Miss Lewis will leave Tuesday for her home in San Francisco.

Miss Ruth Jessop entertained at a finish Friday evening. Miss Irene Walker won the first prize, a miniature, Harry Bryant won the boy's prize, a Persian paper knife, Miss Belle Stevens won the girl's consolation prize, while Heighston James won the boys. Refreshments were served after the game. Miss Margaret James and Miss Edith Bennett assisted. Those present were: Miss Helen Alexander, Miss Helen Ely, Miss Belle Stevens, Miss Alice Halsey, Miss Irene Walker, Harry Bryant, Heighston James, Herman Rosenberg, Melville Fickas, Lewis Morse, and Alexander Baker.

The House committee served at the Country club yesterday afternoon. But owing to the inclemency of the weather there was a small attendance.

Mrs. Phillips gave a masquerade party Tuesday evening at her home on north Fourth avenue. During the evening a bunch and panic were played after which there was dancing and refreshments. Among those present were: Mr. and Mrs. Pettibone, Mr. and Mrs. Bagby, Mr. and Mrs. Ryan, Mr. and Mrs. Henry Page, Mr. and Mrs. Barton, Mr. and Mrs. Ernest Ford, Mrs. Putzman, Miss Whalen, Miss Marsh, Miss Flynn, Miss Eva Flynn, Miss Vaughn, Miss Hazel Vaughn, Mrs. Agnew, Miss Owen, Miss Hoster, Miss Sibley, Mr. Joe Casson, Mr. H. M. Galiver, Mr. John Neylan, Mr. Garrett Schuller, Mr. John Adams, Mr. John Wilson, Mr. W. W. Jones, Mr. Carter, Mr. Wingman, Mr. Herbert Scott and Mr. Du Bois.

Mrs. Aaron Goldberg entertained yesterday afternoon in honor of Miss Lewis of San Francisco. The game for the afternoon was five hundred. Mrs. E. J. Bennett was awarded the lone hand prize. Mrs. Pemberton the first prize, Miss Sally Jacobs the second, while Mrs. Ryan received the consolation prize. After the game a dainty menu was served. The guests were: Mrs. S. CHEMICAL ANALYSIS

Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

SO SAYS PROF. L. J. MILLER, CHEMIST.

PROF. L. J. MILLER.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 3327 N. Clark Street, Chicago, Ill., as follows: "As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents.

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health.

"I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

planning and conducting excursions over the Erie system to various eastern resorts and he proposes to put a postscript on his summer advertising, telling the traveling public to keep an eye open for Prescott's winter excursion to Arizona.

Speaking of the city and the people Mr. Prescott says there is all that eastern people could wish for. Plenty of good society if they desire it and most of the public utilities available at home. There are bad people here as elsewhere, but they are found only by those who are looking for them.

Speaking of the "openness" of the city, particularly in relation to saloons, he said he had really noted less drunkenness here than in eastern towns of the same size where whiskey was sold on the sly or under very restraining laws. The deduction was not intended as an argument for whiskey, but only a testimonial for Arizona people, in effect that as a class they did not make hogs of themselves just because they could.

The drives, country scenes, orchards etc. are a delight to Mr. Prescott, as they would be to any tourist from the country that has been shivering in zero weather since thanksgiving.

Every time a man doesn't say anything he lessens his chances of being called a fool.—Chicago News.

PHOENIX DRIVING CLUB

An Arrangement for a Washington's Birthday Matinee Made.

There was a meeting of the board of directors of the Phoenix Driving club at the Hotel Adams yesterday afternoon and arrangements for a winter matinee of the club were perfected. The matinee will take place on Washington's birthday. The directors entered into a contract with J. K. Wheat, the owner of the track, to keep it sprinkled as well as that part of First Avenue lying below the city limits. The contract covers a period of three months. The directors also rented a 1,000 gallon sprinkler which will be put into use at once and will be kept going continuously.

The officers of the club guarantee those who attend freedom from the discomfort of both at the track and on the way there.

The following officers, to have charge of the first matinee, were appointed by the board. Dr. F. O. Richmond, H. L. George and T. T. Samples; judges, W. N. Tiffany, official starting judge for all the matinees; E. E. Viles, assistant starter for the coming meeting and Charles McCoy marshal.

The club extends a general invitation to the public to attend this matinee.

"Builds up the System."
Hon. Joseph H. Ridgeway, Secretary of the American Anti-Traffic Society, writes the following letter from the Grand Central Hotel, St. Paul, Minn.: "It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all it claims. I have used it several times and know of nothing that cures so completely, and at the same time builds up the system."

"I have recommended it to a number of my friends and always feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgeway.

"Feel Better Than for Five Years."
Mr. James B. Taylor, Roberts, Ind., writes: "I am at the present time entirely well. I can eat anything I ever could. I took five bottles of Peruna, and feel better now than I have for five years. I have doctored with other doctors off and on for fifteen years, so I can recommend your medicine very highly for stomach troubles. I take great pleasure in thanking you for your free advice and Peruna."—James B. Taylor.

"I Enjoy My Meals as I Used to."
Mr. J. W. Pritchard, Wolf Lake, Ind., writes: "I am pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna."

"It has been one year since I was cured, and I am all O. K. yet, so I know I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of summer catarrh. A remedy that will cure catarrh of one location will cure it anywhere. Peruna cures catarrh wherever located. That it is a prompt and permanent cure for catarrh of the stomach the above letters testify.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

SSS KILL THE SERPENT

The worst disease the world has ever known, and the greatest scourge to the human race, is Contagious Blood Poison. One drop of the virus of this loathsome disease will pollute and vitiate the purest and healthiest blood, and within a short time after the first little sore appears the system is filled with the awful poison; the skin breaks out in a red rash, the glands of the groins begin to swell, the throat and mouth become ulcerated, the hair and eyebrows drop out, and often the entire surface of the body is covered with copper-colored splotches, pustular eruptions and sickening-looking sores and abscesses. Many a man has been cut down in the prime of life, or his health so impaired by this vile disease that usefulness is destroyed, and he becomes a burden to himself and an object of pity to the rest of mankind. Contagious Blood Poison is the most annoying, humiliating and degrading of all diseases. It is as treacherous and elusive as the serpent. Under the mercury and potash treatment all external evidences of it may disappear, and the victim misled, be buoyed up by false hopes of a cure, while the disease may even then have fastened its fangs in some vital spot within the system, where it is doing its destructive work unseen. Mercury has arrayed against it thousands upon thousands of physical wrecks and chronic invalids who have been dosed for years and their systems saturated with these powerful drugs, only to be harassed by constantly returning symptoms and confronted with unmistakable traces of blood poison years after. As long as your blood is tainted with this awful virus you are a source of infection and danger to all who come in contact with you, and your children will carry in their veins the same dreadful contagion. As long as there is life in the serpent there is danger in its fangs, and so long as any signs of Contagious Blood Poison remain there is danger of infection. Safety lies in crushing out the life of this loathsome disease and killing the serpent, and no remedy known does this so thoroughly and permanently as S. S. S. It is an antidote for this peculiar virus that spreads through the system, defiles the blood and contaminates all healthy tissues and threatens every organ and part of the body.

S. S. S. contains no mineral of any description, but is guaranteed entirely vegetable, and we offer \$1,000 for proof that it is not just as we represent it to be. It leaves no bad after-effects, but purifies the blood and at the same time builds up your general health. In chronic or long-standing cases of blood poison, where the stomach and digestion have been damaged by the use of minerals, S. S. S. will prove an excellent tonic and appetizer and helpful in restoring strength and activity to all parts of the system. Kill the serpent, crush out its life, or you are apt to feel the bad effects of the disease all your life. If you will write us fully about your case, our physicians will gladly advise without charge, and mail you a copy of our home-treatment book telling all about Contagious Blood Poison, its different stages and symptoms, and a lot of interesting information about this formidable and much-dreaded disease.

I am compelled by a sense of gratitude to tell you of the great good your remedy has done me. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus, as characterized by the usual symptoms. I lost in weight, was run down, had sore throat, eruptions, splotches and other evidences of the disease. I was truly in bad shape when I began S. S. S., but the persistent use of it brought me out of my trouble, safe and sound, and I have the courage to publicly testify to the virtues of your great blood poison, S. S. S., and to recommend it to all Blood Poison sufferers, sincerely believing that if it is taken according to directions and given a fair trial, it will thoroughly eliminate every particle of virus, no matter how severe the case may be.

Greensburg, Pa., June 16, 1903. JAMES CURRAN.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

We Paid \$100,000

For Ligozone—Yet We Give You a 50c. Bottle Free.

This Company, after testing Ligozone for two years in the most difficult cases of disease, paid \$100,000 for the American rights. That is by far the highest price ever paid for similar rights on any scientific discovery. We publish this fact to show you the value of Ligozone. Men of our class don't pay a price like that save for a product of remarkable worth to humanity.

Kills Inside Germs.

The reason for that price is this: Ligozone alone can kill germs in the body without killing the tissues too. Nothing else in the world is so good for the human body; yet Ligozone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill. Ligozone destroys at once and forever the cause of any germ disease. And there is no other way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is helpless in troubles of this kind.

Not Medicine.

Ligozone is not made by compounding drugs. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, this gas is made part of the liquid product. Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a product that does what oxygen does. Oxygen is the very source of all vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Its effects are exhilarating and purifying. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter. Ligozone goes wherever the blood goes, destroying every germ in the body. In this way it cures diseases which medicine never cures. It will do more for sick humanity than all the drugs in the world combined.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Dyspepsia
Eczema—Erysipelas
Fever—Gall Stones
Gout—Gonorrhea
Guinea-Worm
Throat Troubles
Tuberculosis
Typhoid Fever
Yeast Poison
Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood. In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.
